Due to the uncertain and unpredictable outlook with regards to travel and event restrictions caused by the new COVID-19 variant Omicron, the International Textile Manufacturers Federation (ITMF) board together with the two co-hosts – Swiss Textiles and Swiss Textile Machinery – have decided to postpone the ITMF Annual Conference in Davos, Switzerland from April 10-12, 2022 to September 18-20, 2022.

ITMF is an international forum for the world's textile and related industries founded in 1904.

ITMF members are associations and companies covering the entire textile value chain – producers of fibres, textile machinery, chemicals, textiles, apparel, and home textiles. The membership is from more than 40 countries and is representing around 90 per cent of global production, the federation said in a media release.
