Celebrating outstanding cross-border partnerships driving sustainability and innovation in textiles.

The International Textile Manufacturers Federation (ITMF) has revealed the winners of the ITMF International Collaboration Award 2025, recognizing exceptional efforts in global partnerships aligned with the United Nations' Sustainable Development Goals (SDGs). The winners will showcase their projects at the ITMF & IAF Conference 2025, scheduled from October 24–25 in Yogyakarta, Indonesia, co-hosted by the Indonesia Textile Industry Association (API).

The **ITMF International Collaboration Award** highlights organizations that have made significant strides in advancing sustainability and fostering innovation through international cooperation. It reflects ITMF's ongoing commitment to supporting the **2030 Agenda for Sustainable Development** and its 17 SDGs within the textile industry.

This year, **four outstanding winners** have been selected for their exemplary collaborative projects (in alphabetical order):

- **Bursa Uludag University (Türkiye)** – *Unlocking Circular Fashion Design Excellence (ReMODE)*
